

Report of the Meeting of The Parish Council with MRC
held at The Pavilion, Welney
on Tuesday 8th December, 2015 at 7 p.m.

Present: Cllr.K.Goodger (Chairman), Cllrs.L.Bombata, H.Cowles, P.Edmunds, J.Elliott, R.Gilbert, G.Rainbird, Mr.Chris Neill (MRC) and the Clerk.

Apologies received from Cllr.K.Cowles

The Chairman thanked everyone for attending. Various discussion regarding the heating system and the fact that the lead in tariff would change from the 1st January, 2016. Some present felt that the air source heat pump and solar panels was not the best method for the building. It was agreed to consider alternative heating systems, but confirmation would be required from WREN and Sport England that if we were to change the heating this would not affect the grants which they had awarded. Once this information was to hand the matter of the heating would be discussed at the next meeting. Mr.Neill answered questions from Councillors and clarified points for them.

Council were advised that a quotation in the sum of £448.03 plus VAT had been received from PASS Limited for the carrying out of the pre-demolition asbestos survey. This was necessary prior to demolition, and councillors confirmed agreement to this. The Clerk would instruct PASS to do the work at the earliest opportunity.

It was then proposed by Cllr.Goodger, seconded by Cllr.Edmunds and unanimously agreed that we accept the quotation from MRC dated 7th January, 2015 and as discussed at this meeting, excluding the heating system, which would be clarified in due course. A letter confirming this would be forwarded to MRC the next day and in the meantime councillors shook hands with Mr.Neill.

The Chairman thanked everyone for attending.

SignedK.Goodger.....
