Councillors are very concerned about the standard and performance of the current temporary Clerk and felt that this issue needed to be addressed as soon as possible.

Recently the Clerk had:

- Refused to include Agenda items requested by the Chair and did not feel that the Chair should be informing the agenda as it was her role
- Circulated more than one version of the meeting agenda
- Had not circulated the minutes of the previous meeting in time for the current meeting despite the fact that draft minutes should be circulated before the meeting takes place in order for Councillors to read and agree them
- Was not copying the Chair on letters and other forms of communication
- Was not carrying actions out in a timely fashion, if at all
- Had not included planning applications on recent agenda
- Not responding to requests by Councillors for information or documentation

Councillors thought that the Clerk was obstructing the Chair in his role.

It was agreed that the Chair should have a meeting with the Clerk to discuss these issues.
